Protection concept for wellness

<https://www.hotelleriesuisse.ch/de/leistungen-und-support/coronavirus/hotelbetrieb/hygiene-und-schutz>. (20th December 21)

The health of our guests and employees is the number one priority for us, which is why, in line with our protection concept, we have implemented relevant measures in accordance with the specifications issued by the Federal Office of Public Health (FOPH) and with the support of HotellerieSuisse.

We kindly ask that you refrain from staying with us if you have experienced **symptoms of illness in the last few days** that are indicative of a respiratory disease. Please notify us if such symptoms of illness develop **during or after your stay**.

- The requirements may result in restrictions to our services and, in some areas; the number of people permitted entry is also limited.
- We are constantly adapting the protective measures to the changing requirements and recommendations, and our employees are being provided with regular training.
- We thoroughly clean and disinfect frequently used surfaces, objects and work material (e.g. door handles, lift buttons and light switches) in even more regular cycles than before. Our employees also wear protective masks and gloves to perform specific duties.

Please take note of the following recommendations and the information on display.

1. Adhere to the **distancing requirement of 1.5 metres** between yourself and other guests, groups of guests and employees. This also applies to toilets, changing rooms, showers and relaxation areas.
2. Try **not to use the lift** with other groups of guests; if you do, observe the relevant distance.
3. Adhere to the instructions of our staff in the entrance areas of closed rooms (library, lounges, wellness etc.). Observe the distance rules here as well.
4. We advise hotel guests to **get changed and shower in their rooms**.
5. You can obtain **towels, bathrobes, etc.** from us. Please hand these back in at the designated return points after use.
6. **Wash/disinfect your hands regularly**. Try to avoid touching **any foreign objects** as much as possible or disinfect your hands afterwards if you do.
7. Have your **food and drink charged to your room or pay by card** (contactless if possible).
8. **A certification requirement (2G+ access)** applies indoors. Persons who have not been vaccinated, booster vaccinated or recovered for more than four months or have a negative test result.

We would like to thank you for your understanding and cooperation and would be very happy to answer any questions you may have.
